Your Policy Schedule and other policy documents are available to view online. Please visit www.admiral.com to access these, where you'll also find your policy book and information relating to any policy upgrades you may have purchased. If you would like to receive printed copies of these documents, we can arrange this. You can change how you receive your documents by contacting us at any time.

The Policy Schedule will detail the cover provided. You must check this carefully, along with the Proposal Confirmation and **call us immediately if any of the details are incorrect. Failure to notify us of corrections or changes could mean we do not pay your claim, reduce the amount you are able to claim for or even result in your policy being declared void.** Please also read any 'Insurance Product Information Documents' we have provided in your pack. These summarise the key features of your insurance policy. There is a separate 'Insurance Product Information Document' for each of the products you have selected.

It's important to note that, as the Policy Administrator you will be responsible for all payments relating to the policy and ensuring any other policyholders check their documentation. We will write to you if there is a change to the premium, or if we are unable to take payment. If you are not the registered payer it will be your responsibility to make the bank account or card holder aware of any action required. If premium remains unpaid after the policy is cancelled we may refer this to a collection agency. For full details of how we will administer your policy, please refer to your policy book at www.admiral.com.
